## The 'ICOM Bug' visits 235 Churches!

## From David's Desk

This is Reddington Christian Church, near Seymour, IN. Just one of the 235 churches where the ICOM Bug has visited! ICOM Director of Development, Michael Hawkins, has been on the road all of 2024 visiting churches in Indiana, Ohio, Kentucky & Tennessee, sharing the vision and purpose of ICOM. Everywhere he goes, he takes a photo of the ICOM Bug in front of the church. Be on the lookout for your church's photo on our Facebook page. A preacher from Tennessee saw what Michael was doing and said, "We have 27 Christian Churches in our county, come on down here!" Well, you can't turn down an invitation like that! So, Michael went and he is not done yet! You never know where he may end up next. I'm guessing he will be visiting the Kentucky churches as we prepare for ICOM in Lexington in just five months!

## ICOM News

**There are over 850 different churches registered in the last ten years!**

We have found that a lot of churches will register when ICOM is in their area. But, the sad part is that the next year, that same area of churches will **DROP** at least 80%. **OUCH!**

We are praying and hoping to register more than double the number of churches this year for ICOM.

**We would LOVE to have all 850 churches support ICOM!**

David Simpson  
Ex. Director, ICOM  
In Christ,

Another word... or two from David!  
As mentioned inside - Global ICOMs, a decade VW Bug, ICOM's worship songs on Spotify - your support helps make all this happen. I have to admit, Temitope has done something that has never been done before, and what a great goal: to give us the songs to learn ahead of time that we will all be singing together as we worship and praise King Jesus in Lexington! All this and so much more, none of it could be done without the support of our churches and individuals who give to ICOM. Thank you so much for all you do and give to make ICOM happen! I hope we get to see you in Lexington!

### Something NEW this Year!

ICOM's 2024 Worship Leader, Temitope, (pronounced "Timmy - tup ay") has put together a playlist on Spotify, listing the songs that he plans to lead throughout ICOM in the main sessions! What a great idea!

Check out the QR code and download them so that when you come to ICOM, you will know the songs we will sing in praise and worship during our main sessions!
