

Dear Friends of AADVS,

At AADVS, we reflect on the lives touched and the challenges faced by those in our community during the last year. We are deeply committed to supporting individuals and families escaping the devastating effects of domestic violence. During fiscal year 2024, our 24-hour emergency hotline received 887 crisis calls and 120 survivors accessed emergency shelter. As shelter is consistently at capacity, survivors in the community are still in need of critical, life-saving services.

In order to increase the services provided, AADVS will be expanding in 2025! Funding provided through a grant has allowed the purchase of an additional site, which will be the home for outreach services. Not only will outreach services be increased, but the location will be disclosed to the community. The new site will also allow offices to be moved from the shelter, which will create additional bedrooms for survivors.

Every day, brave individuals and families escape the grip of domestic violence, seeking refuge, healing, and a fresh start. But they can't do it alone. They need your help. Your generous donation ensures that we can continue offering a safe haven, case management, and resources to survivors. With your help, we can empower these brave individuals to regain control of their lives and move toward a future free from fear.

We are grateful for the support of individuals like you who make it possible for us to continue our vital work. Your contribution is an investment in a future where domestic violence is no longer tolerated, and every person can live in safety and dignity.

Please consider making a donation today to help survivors of domestic violence. Donations can be made online at www.alliancedomesticviolenceshelter.org or by mail to PO Box 3622, Alliance, 44601. No amount is too small, and every dollar has a direct impact on our work.

Thank you for your kindness, compassion, and support. Together, we can bring hope to those who need it most.

Warmest wishes for a peaceful and joyful holiday season,
