

## INTERNATIONAL CONFERENCE ON MISSIONS

### EnterMission Celebrates its 5th Graduating Class!

EnterMission joyfully celebrated its 5th graduating class as the 2024–2025 cohort officially completed their gap year experience this past Friday. With over 75 friends, family members, and ministry partners in attendance, the ceremony was filled with heartfelt moments, powerful testimonies, and a deep sense of gratitude. The students' reflections and expressions of thanks spoke volumes about their growth, spiritual maturity, and renewed sense of purpose as they look toward the future.

This year's students served faithfully in Belize, Puerto Rico, the Philippines, and with Pinehaven Ministries in Montana. We are thrilled that half of our graduates will be returning to EnterMission for our second-year Leadership Track—a focused season of deeper training and leadership development as they continue preparing to live life “on-mission.” As we look ahead to another impactful year, we still have openings for the 2025–2026 cohort. If you or someone you know is ready to explore what it means to follow Christ with purpose and passion, applications are open now at [EnterMission.org](http://EnterMission.org).

### Attention Parents of TCKs

As a missionary parent, you've raised your child in a unique cross-cultural environment that has shaped them in beautiful and complex ways. Now, as they prepare to transition to life in the United States after high school, you may be wondering what next step will both support and challenge them. EnterMission provides a safe, intentional community for Third-Culture Kids (TCKs) to explore their identity, faith, and calling while adjusting to American culture. Through thoughtful teaching on how to tell their stories—and how to truly hear the stories of others—your teen will gain confidence, language, and tools to thrive in this next season of life.

Throughout the EnterMission experience, your student will travel the U.S., serve in a variety of ministries, and engage with diverse Christian communities. They'll also connect with participating universities and have the opportunity to earn college credit, keeping them on track academically. Most importantly, they'll be surrounded by peers and mentors who understand the beauty and the challenge of being "from everywhere and nowhere," offering a sense of belonging from day one. For TCKs stepping into the U.S. for the first time or returning after years abroad, EnterMission is more than a gap year—it's a bridge into adulthood and life on mission, wherever God leads next.
