Dear Pine Lake Christian Church,

What makes you content? It seems challenging in our society to be content, with all the reminders flying in our faces of what we could or should have. But I guess you're someone who doesn't linger long on the temptation to be discontent. I can tell that because you willingly invest in God's kingdom, even though it doesn't get you anything. You are someone who regularly partners with LATM to make sure that someone else, somewhere else in the world, gets books in their language. And it's your partnership that deeply encourages us at the LATM office to be content in the Lord. Thank You!

This month, one of our partners in Kenya went to be with the Lord. The Lord has used this partner's work with Somalis to make great strides in that Muslim background (MB) community. Our partnership with him included more than 20 books in four languages used to disciple those MB believers who hadn't known anything about Christ or the Bible before they became Christians. Now, though, despite the loss of this LATM partner to death, these believers have strong resources in their language to grow as Christians and to disciple others in their MB community in Christ and lead those people to salvation that only comes through Jesus.

Over the years of this man's ministry, it is YOU, as an LATM financial partner, who God has used to bring light into the dark world of Islam through books. And one day, we'll all be able to meet this man and the many who came to Christ through his ministry that used books. Thank You for making that possible.

Let's keep bringing the books,

Karl Halverson
Executive Director
Literature and Teaching Ministries

Thank you for your
on going Partnership!

Mentoring Matters

The Book Club project for August is *Mentoring Matters* in the Albanian language. This book is needed to train Christian leaders at a Bible Institute in Tirana, Albania, helping them walk worthy as they follow God's call to serve Him and lead their churches. This is LATM's fourth project with them, providing resources in Albanian as they continue to develop leaders for the Albanian church. Albanians primarily live in Albania, Kosovo, and North Macedonia, and students at the Institute are from these places, with some attending in person in Tirana, while others join online from other countries.

As always, we are thankful for you, LATM donors, as together we provide books and thus build up Christ's Church in south-central Europe.
