

INTERNATIONAL CONFERENCE ON MISSIONS

Get Involved on a Global Scale!

There is nothing greater than the Church helping the Church - no matter where you're located. We are thrilled to announce a partnership with four organizations who are working in global disaster relief and humanitarian aid to be the vessel that connects ICOM 2025 to the relief efforts in Ukraine.

Â

At ICOM 2025, we will have a container ready to fill with supplies to send to those in need in the country of Ukraine. We have created this list of items they desperately need (from someone who works in country!) and are encouraging ICOM attendees, churches, colleges and anyone who feels led to bring supplies to ICOM in Atlanta to be part of this effort.Â

MAKE A GLOBAL KINGDOM IMPACT AT ICOM 2025!

Help us fill a 40-foot container full of
supplies to send to Ukraine!!

Items Needed:

- **Hygiene:** shampoo, soap, body wash, toothbrush, wet wipes, toothpaste, laundry detergent, diapers size 1-6, feminine pads, sanitizer
- **Electrical:** flashlights (no batteries)
- **Medical Supplies:** antiseptic, anti-inflammatory, pain/fever-reducer, antihistamine, cold and venotonic medicine, eye drops, vitamins, topical gel/cream for joint/muscle pain
- **Clothing:** winter coats, jackets, shoes (children or adult size 10+)
- **Home:** bedding, blankets, pillows, & towels

All items must be new!

You're able to have a direct blessing on the Global Church thanks to the partnership and dedication of these great organizations!

Here's how YOU can be involved (and get others involved, too!)

- **Involve your church**
 - Create a drop off station for supplies in your church building. Similar to a food pantry or school supply drive - challenge your church family to bring in supplies from the list. You could even decide to focus on one area like hygiene products or medical supplies. Have it out several Sundays and make sure to promote it! We have a page on our website where you can download and print a flyer to give out or use a slide on your screens during the service.
- **Involve your family**
 - This section is near and dear to ICOM's heart. Involving your immediate family is so impactful for your children, parents, and/or siblings. The home is the first line of knowledge for many families and sharing the needs of others with your family is crucial for both their worldview and spiritual growth. Consider skipping eating out once a week and spending some extra time in prayer and conversation for the people of Ukraine and other wartorn areas. Use the money you would have eaten out with to buy supplies to donate.
- **Involve your friends/small group/Sunday School Class**
 - If the church isn't able to do something on a large scale, you can still take part. Help organize something for your circle to work towards. It could be a goal of monetary donations that one person goes and buys things OR a goal of X amount of supplies donated from your group. You could even let other groups/classes in your church or friend groups know what you're doing to help you reach your goal!
- **Involve your youth**
 - Incorporate this effort into your youth group and children's church settings. Break it down so it's on their level of understanding (especially for the littles!) but use this as a way to broaden their worldview. This is a great way for students and kids to see more outside their own life and to start to build the heart for the Kingdom of God!

We know not everyone receiving this email will be attending ICOM 2025. We have some additional information coming of how you can ship or drop off supplies to the I.D.E.S. Headquarters in Indianapolis, IN and still be part of this initiative! **Stay tuned!**

Thank you to these great organizations! Check out their websites below and learn about what impacts they're having all over the world.
