

ALLIANCE PREGNANCY CENTER

Hope for today's child and tomorrow's family

EXPANDING INTO THE COMMUNITY

The Alliance Pregnancy Center is now partnering with Stark Regional Community Correction Center, aka SRCCC as of May 2025. SRCCC had searched in many directions for an organization to come inside SRCCC and provide parenting education to women in the Diversion Program. The women in this program work hard each day to meet goals that will help them transition back to living within the community. This was a perfect opportunity for APC to reach the community outside the center's doors to provide parenting education and share the Word of God.

Our Client Educator, Sara Linder, is eager to have this opportunity to do what she is so passionate about -- educating others and sharing God's Word. Each week Sara creates a hands-on interactive activity to help the residents think deeper on the topic for the week and to also build a relationship with each other. At the end of each session Sara offers a spiritual application. Each week the number of ladies who are interested in hearing the Word of God grows! Bibles and journals have been distributed to several residents in this group. APC is so blessed to have this opportunity to equip moms with healthy parenting skills.

- Meets with pregnancy test clients
- Assists with fundraising events
- Manages our spiritual mentors
- Shares the Gospel with clients
- Various administrative duties

This is a 30 hrs/week position and includes paid time off and holidays.

VOICE OF THE VOLUNTEER

Meet... **Logan Valentine** WITH THE STARK COUNTY HEALTH DEPARTMENT

Clients who attend APC's Baby Boot Camp series receive a free car seat upon completion of the course. Prior to receiving the car seat, though, the clients are taught car seat safety. This is made possible through a partnership with the Stark County Health Department. Logan Valentine, Child Injury Prevention Coordinator, presents car seat safety information in a fun, interactive trivia game where clients compete for points. Here is what Logan has to say about his work at the Stark County Health Department and with APC:

"I collaborate with various community partners to provide education to families on important safety topics, including car seat safety, playground safety, and bike safety. What I enjoy most is being out in the community at different events and making a positive impact on the families I work with. It's incredibly rewarding to give parents peace of mind knowing their children are riding safely in their car seats or to provide kids with bike helmets at events like Safety City. It's awesome to be part of those moments.

Working in the community has helped me grow both personally and professionally. It's allowed me to connect with people from all different backgrounds and agencies, broadening my perspective and helping me see the world through a more inclusive lens. This work has also helped me develop valuable skills like public speaking and problem-solving, which continue to benefit me in all areas of life.

Partnering with the Alliance Pregnancy Center has been a wonderful experience. It's been great working with so many families and seeing the positive impact the center has on the Alliance community. Programs like Baby Boot Camp are fantastic, and I'm grateful to play even a small role in supporting such meaningful work."

New Ultrasound Campaign

Every life is a precious gift from God — created with purpose, deeply loved, and wonderfully made. At our Christ-centered pregnancy center, we witness the miracle of life daily — especially in the quiet, powerful moments when a mother sees her baby for the very first time through an ultrasound.

That moment can change everything.

Research shows that up to 80% of abortion-minded women choose life after seeing their baby on an ultrasound.

It's more than just an image — it's a turning point.

The Knights of Columbus have started a fundraising campaign to purchase two ultrasound machines for Stark County at a projected cost of \$56K-\$58K.

One of these machines will be given to APC.

We are excited to share that a generous donor has pledged to match \$1,500 toward the purchase of our updated ultrasound machine. We only need \$375 more to meet this match!

This means that your gift — whether \$50, \$100, or more — will be doubled, bringing us one step closer to our goal. With your help, we can raise the full amount needed to equip our center with the technology that will save lives and empower mothers to choose life for their children.

You can donate by sending a check with "ultrasound" in the memo to APC or donate online on our website (put "ultrasound" in the note in the note box located at the bottom of the billing page.)

*"For You created my inmost being; You knit me together in my mother's womb.
I praise You because I am fearfully and wonderfully made." — Psalm 139:13-14*
