Year-End Giving

More Than a Space

The Skate Park That Builds More
Than Skills

The Skate Park That Builds More Than Skills

If you've ever seen our skate program in action, you know it's something special.

The sound of wheels on pavement mixes with laughter, encouragement, and friendship. But for our skate community, **this space is about so much more than skating.**

It's about belonging.

We've watched students who felt unseen find their place here. One student recently shared, *"Skate Night is where I finally felt like I belonged somewhere."*

We're so excited to be expanding our skate program with a new outdoor skate park here in Kenmore, a place where students can connect, grow, and be mentored. This project will also support Gary's leadership role so he can continue investing in our students, teaching them about perseverance, community, and the love of Jesus.

Why More Than a Space?

More Than a Skate Park

It's a place where students find connection, confidence, and community. What starts with skating often leads to lasting relationships and real growth.

Mentorship in Motion

Gary and our leaders walk beside students every week, building trust and sharing the love of Jesus through encouragement, conversation, and consistency.

Building Spaces That Build Lives

Your gift helps expand our skate park and support the mentorship that happens there, creating more space for transformation, one student at a time.

DONATE NOW

Your gift helps make that possible. It's more than ramps and rails, it's a space where lives are being changed every week.

Jessica Swiger
Executive Director

PS: When you give, you're helping build spaces that draw students **closer to Jesus.**
