January 16, 2026

Dear Pine Lake Christian Church,

December is always an exciting month for the ministry of IDES, because it affords an opportunity to celebrate the present year's accomplishments, even as we prepare for the many needs God will lead us to address as we enter a new year of service.

December 2025 presented an especially exciting close to a very active year. On December 16 the very first shipment of relief supplies was prayerfully sent out from IDES' newly dedicated *Global Impact Center*, bound for a trusted ministry partner in the war-ravaged nation of Ukraine. The shipment included more than 20,000 pounds of coats, blankets, shoes & boots, and other cold weather relief items, along with much needed medical supplies, and a broad range of personal care products. The container's contents were collected at this year's ICOM gathering in Atlanta, GA, and were supplemented with items dropped off at IDES headquarters in Indiana, as well as additional collection sites hosted by churches and partner ministries. Each item will be an immediate blessing to families displaced from their homes and communities by Russia's brutal invasion of Ukraine; which tragically, will soon enter its fourth year.

In the final three days of December, we also sent our first two hunger relief shipments from the *Global Impact Center*, to a mission partner in Haiti. 518,400 servings of our nutritionally complete GAP meals, lovingly packed by many compassionate and caring volunteers, will soon arrive to alleviate hunger, and bring much needed hope!

Thank you so much for the gift you lovingly shared today, and for all God will use it to accomplish!

May Christ's peace be with you throughout this new year,

PRAYING

FOR OUR PARTNERS

In the U.S. and Abroad

Feb. 2026

NORTH AFRICA

DR

Through a partnership with IDES, a mission in North Africa is providing daily nourishment for 500 children facing food insecurity. IDES helped supply essential food items like rice, beans, and cooking oil. Please pray for those ministering to these children and for the many children who need nourishment.

WEST VIRGINIA

DR

In June of 2025, devastating floods hit WV and left many people without a home. We partnered with a local church to help those in the community. At the end of 2025, IDES sent resources to help rebuild a house for a homeowner. Pray for the people recovering from their loss.

POLAND

DR

IDES partnered with a Christian mission in Poland which is offering counseling and practical assistance to Ukrainian Refugees. The project will help provide ongoing care for refugees who have experienced a lot of loss during the war with Russia. Pray for this mission as they minister to those who are hurting.
