

January 26, 2026

Dear Partner for Life,

As we reflect on this past year, **our hearts are full of gratitude for every life touched and every family strengthened through the Alliance Pregnancy Center.** God has been so faithful, and together, we have truly been building families one story at a time.

Jenny and Walter's* story began when they walked through our doors asking for a pregnancy test. She was in tears. They had gone to Planned Parenthood, but couldn't afford the cost of the pregnancy test appointment. Both Walter and Jenny had recently lost their jobs, their vehicle had been totaled, and they were now staying with a family member just to get by. Everything felt heavy and uncertain.

We were able to schedule Jenny that same day for a pregnancy test appointment with our nurse, Molly, at The Commons--our satellite location. She also gave them guidance on community resources and support they didn't even know were available. When the couple returned to the center afterward, their entire countenance had changed. Jenny's tears were gone. Her shoulders were lifted. Their fear had shifted to real hope. She told us, **"We didn't know there was so much out there. Now we feel so much better about [the pregnancy]."**

Moments like this remind us why this ministry matters — because when families feel overwhelmed, **God uses your generosity to meet them with compassion, truth, and tangible help.**

Thank you for giving, praying, and standing with us. Every act of support helps a real family in our community experience hope — right when they need it most. **We're grateful to partner with you as God continues building families one story at a time.**

With gratitude in serving alongside you,

Emily
