Memo to: Ministry partners

From: Andrea Eikenberry, Treasurer and Forwarding Agent

Re: Pete and Kim Secession Plan

Greetings from the Thy Will Ministries Board of Directors! We recently met for our annual meeting and a large portion of our time was spent discussing a Secession Plan for the Kemps. THEY ARE NOT RETIRING! But they are aging and feeling the need to accept that fact, slow down, and spend more time enjoying these “golden years” together.

Pete and Kim have spent close to 30 years serving the Lord and the people they dearly love on the Rez. As you read the enclosed newsletter, it is evident that they have made a huge impact on the Apache people. The people attending White River Apache Christian Church have become their church family. Much of their time is spent simply being family – attending gatherings, performing funeral and wedding ceremonies, counselling, encouraging, praying for and loving on those God has placed in their path. Besides “family time,” they also are instrumental in leading WMACC: planning and implementing weekly worship, Bible teaching and preaching, mid-week activities, and supervising the building and grounds.

The WMACC staff is encouraged with the state of the Rez church. They are seeing much spiritual growth! This growth has resulted in Apache (both men and women!) people assuming responsibility for various church responsibilities – worship leading, meal prep for church functions, Sunday School teaching and other activities for children, and building maintenance. However, despite their growth and commitment to the church, the church members still need and depend on the ministry efforts of Pete and Kim and the other ministers associated with WMACC.

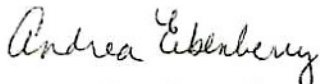

Therefore, Thy Will Ministries is looking to expand its personnel! We are searching for people who feel called to missionary work, are passionate about serving God, and have hearts for the Apache people. Kim and Pete would like to work alongside and train new

missionaries. This would lighten their load yet continue the discipleship that is succeeding on the Rez. It would also put new missionaries in place to carry on ministry if Kim and/or Pete would not be able to continue their current work.

Do you know anyone who might be interested? We are praying for people (couples or individuals) who love God and love ministry--College interns, Bible college students, Mission trip alumni, couples desiring a life-change and feeling the call to mission work. Pete and Kim are excited to work alongside people who, like themselves many years ago, are willing to heed the call and serve the native Americans in Arizona. Please join us in praying! Feel free to share this info with others who might be interested. We look forward to experiencing more of God's Goodness as He sends help our way!

Questions or leads can be directed to Kim, Pete, or any board member.

Serving together,

Andrea Eikenberry, Forwarding Agent
