Dear Pine Lake Christian Church,

No matter how close the Lord's return, it is surely the right time to serve Him faithfully. Seeing you do this in partnership with LATM is so encouraging. Your financial support enables our brothers and sisters worldwide to have quality biblical books in their own languages. Thank you!

The stories from our partners are highly encouraging amid worldwide difficulties, as they face threats to their safety and practical challenges, such as very limited electricity. LATM partners near the Iranian border have shared their resolve to continue serving the Lord and preaching the gospel, despite nearby explosions. Our partners in Ukraine remain steadfast and immovable in their faith, trusting that God will bring fruit from their work. Our partner in Russia refuses to support an unjust war but continues to preach and teach biblical truth. Through it all, these partners keep publishing new books, using whatever tools and time they have to proclaim and teach Christ's greatness. They never give up!

I hope that you, too, are encouraged by this. I invite you to deepen your involvement: consider giving, praying, or telling others about this ministry, so together we can bring biblical books to more people. Let's continue to do our part to bring the books, so the Nations can hear of Christ, we will be found faithful, and the Name of the Lord will be lifted up through books in the world's languages.

Thank you and God bless you,

Karl Halverson

Third Culture Kids: A Gift to Care For in Romanian

This month's Book Club selection, *Third Culture Kids: A Gift to Care For*, was written to help children and families flourish, as they serve the Lord around the world.

LATM partners and Romanian nationals, Alex and Cami Vlasin participate in God's Mission to the world by ministering to missionaries from Romania. These Romanian missionaries serve in Europe and around the world. One of the most important aspects of caring for missionaries, so that they have healthy families and fruitful ministries, is helping their children thrive while living in a different culture. These children of missionaries are often called "Third Culture Kids," meaning that they have a culture different from their home and where they are living. It is a unique, blended culture of these two other cultures.

The Vlasins are facilitating the translation and publication of this book in Romanian so that children and families, serving as missionaries, are cared for and remain healthy.

Thank you, Book Club members, for your gift which will strengthen these Romanian brothers and sisters.
