

Summer 2026 Newsletter

THY WILL MINISTRIES

Put into Practice

GOD desires that HIS followers demonstrate their faith through practical obedience, love, and service to others. Scripture is full of God's command to do more than talk or think about our faith. James 1:22 tells us, "But be doers of the Word, and not hearers only, deceiving yourselves."

Summer is a time when many doers of God's word sacrifice time, vacations, and finances, to exercise their faith, to love and serve others. White Mountain Apache Christian Church has experienced the love of God this summer as men and women of all ages have come in the form of mission teams to share testimony of God's goodness through the good and bad of life. Sharing our stories provides comfort and reminds us of where the power source is, in God!

These mission teams that come provide staff and members of White Mountain Apache Christian Church with physical needs, emotional support, and most of all spiritual encouragement. Because of mission teams we have held a revival, a Women's Conference, VBS weeks, accomplished work projects, held spiritual training, and encountered sweet fellowship as spiritual growth took place. The best part about a mission trip experience is witnessing God move and work in the lives of locals and visitors to connect them, grow them, and build each other up in ways that ONLY HE can! That is why mission teams are so valuable and important to us. For those who have come, for those who are planning to come, as well as those who made it possible for others to come, we are eternally grateful!

Warriors Leadership Summit

For several years, young people from WMACC have encountered a life-altering week at the Warriors Leadership Summit. We have witnessed how powerful this experience is. Each year, we've watched God grow and mature leaders and students alike. This year is the first to be led by native leaders alone! Natives who attended as students years ago are now leading other natives in their faith journey. What an amazing goal to see fulfilled! We do not in any way take credit for what God has and is doing. It is thrilling to watch. It is the efforts of many who have served and are serving at WMACC that have worked toward this goal. We give God all the praise and glory for what he is doing!

If you desire to contact us for any reason, here are the ways you may do so. Thank you all for your part in what God is accomplishing! Our love to you all,

Pete and Kim
