Dear Friends,

August 2026

Thank you for your help in support of the children this month! Your gifts are blessing them with safe places to live and grow, opportunities to develop a life-changing relationship with Christ, and a quality academic education designed just for them. A special thank you goes out to each of you who were able to send an extra gift this summer as well to help provide new school clothes, supplies, & shoes for the kids. We will be getting those things taken care of for them soon!

The kids had a wonderful week of competition at the Jefferson County 4-H Fair recently. They all did such an amazing job of working hard on their projects and showing the finished products at the fair! Pictured here is just a small sample of the many projects they took to the fair, in addition to the animals that they raised and competed with. Their 4-H activities provide great opportunities for building life skills and developing good character and work ethic throughout the entire year! See more fun fair week photos on our Facebook page!

Ainsley Dawn was born to Dean and Brittani Krause, Alpha House parents, a couple weeks earlier than planned! Brittani had been in labor while the kids were busy with their county fair activities. It was a long, uncomfortable week for her, but this precious, longed for, little one is now here! They shared this verse of gratitude with their birth announcement: "I prayed for this child, and the Lord has granted me what I asked of him." 1 Samuel 1:27. They did get off to a rocky start with Ainsley needing to be in the NICU for a couple weeks, and Brittani experiencing some complications that have taken several weeks to address. Please keep the Krauses in prayer as they continue to receive medical attention on their journey back to good health.

During the children's county 4-H Fair week in July, Hannah Greene, our Learning Center teacher, traveled to Broken Arrow, Oklahoma, to undergo required Learning Center Supervisor training with Accelerated Christian Education, our individualized curriculum and school system provider. She earned a certification that is required for Learning Center Teachers that use the ACE system of education. It was so convenient that we were able to choose a nearby training location that also took place the same week that the kids would be out of school, showing their projects and competing at the fair!

Thank you again for all YOU do for the kids at Alpha! We are so grateful for you. May God bless you as you have so kindly blessed the children.

In His Service for the Kids,

Michelle Kincaid
Executive Director
