

Your Mission. **THEIR HOPE.**

Put your faith in action and help youth find hope, healing, and a safe place to belong.

Become a Treatment Specialist at Christian Children's Home of Ohio and watch your mission become a child's hope.

About CCHO

Christian Children's Home of Ohio (CCHO) is a 165-acre residential campus in Wooster, founded in 1969. For over 55 years, God has used this ministry to provide hope and healing to children ages 6-18 who have experienced abuse, neglect, and trauma.

Specialized Training

Treatment Specialists play a vital role in a child's transformation. That is why we provide three weeks of paid training led by experienced behavioral health professionals. You'll gain practical skills in trauma-informed care, safety protocols, de-escalation techniques, Trust-Based Relational Intervention (TBRI®) skills, and more through classroom learning and hands-on shadowing. We're committed to giving you the tools and confidence to succeed.
